CRIME MAPPING TOOL

Deputy Cody Gress pointed the Friday evening crowd to the Pima County Sheriff's website to find tools to help make the community safer.

Crime Mapping Tool: is an interactive map for the nation where incident data is available for the past six months. 21 types of crime can be mapped. The User is able to receive Crime Monitoring Updates via email on a daily, weekly basis for a specific area. The Website is updated every 24 hours.

Plugging in the dates

1/06/2016 - 02/05/2016
recorded the following activity:

1. Feb 4 2:27 pm
Theft Truck or Bus
13400 Blk S. Bell
2. Feb 1 2:55 pm
Suspicious Person
15900 Blk S. Lovell Rd
3. Jan 24 1:57 am
Burglary Force Resid.
25200 Blk E. Walapai Tr
4. Jan 20 4:40 pm
Suspicious Activity Othr

CRIME STATS FOR THE COMMUNITY

Law Enforcement from both Pima County and Cochise County shared criminal activity stats with the community on Friday evening, Feb. 5th. Local resident Cindy Kuhn coordinated the meeting after numerous facebook postings on J6 Community Updates suggested an increase of suspicious activity and burglaries in the area.

Lt. Rich Morales from Cochise County reported that in the last three months, 4 burglaries have been called in and 1 criminal damage to a resident/garage structure. Two burglaries occurred on Dec. 7th, and two on January 6th. Three of these were clustered near Mescal Road with 1 on Navajo Trail. These daytime break-ins were not high tech – access gained from breaking a window, etc. There is no pattern to what is taken – usually only a few items and periodically no items are reported stolen. DNA has been recovered from multiple sites but may take several months to be processed. Neighbors have provided vehicle descriptions for several of these incidents.

Three of the burglaries appear to be related; the department is looking at several individuals versus a burglary ring. An additional burglary was reported in the Skyline area - also on Dec. 7th. It is not uncommon to have 20 burglaries reported yearly in the Benson District.

When asked about the response time in the area, Lt. Morales explained that staffing in the area is down 20%. Five Deputies and 1 Sgt. cover 2 shifts in the Benson District which stretches ½ way to Willcox, to Tombstone, ½ way to Sierra Vista, and to the Pima County Line.

When asked what type activity is being noticed and perhaps not reported, members in the audience shared personal experiences or those

HUNTING ON PRIVATE PROPERTY

Unless signage is posted on private property stating, "No hunting," hunters are permitted to hunt there. Signs must be at least 8 by 11 inches with bold, readable lettering and posted in a conspicuous place at least four feet above ground level and at every point of entry around the property.

ARS 17-304
Entry of any person for the taking of wildlife shall be grounds for an action for criminal trespassing if

1. The land has been posted according to above statute, or

2. The person knowingly remains unlawfully on any real property after a reasonable request to leave by a law enforcement officer acting at the request of the owner, the owner, or any other person having lawful control over the property or he person knowingly disregards reasonable notice prohibiting entry to any real property.

Game Thief number:
1-800-352-0700
24 hr-7 day-365 dispatch center to report suspected or known wildlife violations.

9. Location of 2 sex offenders

Neighborhood Resource Guide:

Tool answering many of the common questions that arise regarding law enforcement and quality of life issues in Pima County. Identifies many resources available.

Also contains information and phone numbers of many community partners that are available to assist with more specific concerns.

Neighborhood Watch:

Contacts and what you need for finding out what a Neighborhood Watch program can do for your community. Startup, block

of their close neighbors:

a. 2 drones at adjacent homes on Pima J-6 side during early morning hours in September. Pictures and videos taken by neighbor of drones in yard and peering in uncovered window. Owner was out of town, but neighbors chased individuals out of driveway who were attempting to break-in home. Three subsequent Wed. evenings between 8 P.M. and 10 P.M., individual approached home. Drone also seen on J-6 side, although not after September.

b. Attempted break-in at night in Mescal near Cherokee with owner present. Neighbors chased off two men, late teens/early twenties seen earlier that day walking thru neighborhood streets: description???????

c. Suspicious vehicles parked along side roads using binoculars to watch residences, etc.

d. Deer hunters entering private property without owner's permission. See related article.

Pima County Deputy Gress reported only 1 burglary on the Pima side during January, stating Pima receives few calls from the area. Pima County does have 2 aircraft now available for some calls. Pima County Sheriff website (www.pimasheriff.org) has multiple tools to help promote safer communities. Deputy Gress stressed importance of reporting suspicious activity to 9-1-1. If lack of Pima County presence continues, a call to the Board of Supervisors is recommended. See related article.

SUGGESTED ACTION PLAN TO IMPLEMENT:

1. Residents to call 9-1-1 when "something looks, smells, feels suspicious"-Cochise Sheriff's Assist Team. Overcalling is more desirable than being hesitant to pick up the phone.
CCSO dispatch only wants emergency calls on 911. Any other non-emergency call should use (520)432-9501.

2. Both departments will monitor facebook J-6 Community Updates for postings of suspicious activity. Call 9-1-1 first, post second!

3. Neighbors to check with neighbors to determine interest in adding Neighborhood Watch groups to area. Contact the Sheriff Assist Team in Cochise County or use the Pima County Sheriff website to submit interest.

4. Areas with chronic speeders to contact Deputies for possible opportunity to use "Know Your Speed" equipment.
