CONTROLLED BURN PLANNED FOR MARCH 24 OR 25TH - J-6

Plans for a controlled burn on approximately 130 acres of State Trust Land along the East end of Navajo are currently being developed. Mr. Eugene Beaudoin, District Forester from Arizona State Forestry's Tucson Office, shared the preliminary plan with the Mescal-J6 Fire District Board on Feb. 2, 2015.

Mr. Beaudoin stated that the Burn will not only provide for fuel abatement in a relatively hazardous area of our District, but will include a training class for wildland firefighters.

Mr. Beaudoin remarked that the Burn will include the resources of four hand crews (80 people), six engines, two water tenders, a Burn Boss, Safety Officer and a Public Information Officer.

The entire parcel will not be burned, and what will be burned will be accomplished in designated blocks in one day. Mr. Beaudoin anticipates minimal smoke issues.

The plan is dependent upon final approval from the State Forestry's headquarters in Phoenix.

The Burn is tentatively scheduled for March 24th or
