SEE TRAFFIC ROUTES TO ACCOMMODATE FUTURE GROWTH -

ONLY CHANCE TO SEE LOCALLY BEFORE COUNTY VOTES!

Future Transit and Roadway routes will be available to review on Thursday this week - August 5th.

The J-6/Mescal community now has the opportunity to review the results of the travel demand modeling and the subsequent proposed routes prior to the draft being finalized for presentation to the Board of Supervisors.

THIS IS OUR OPPORTUNITY TO SEE THE INFORMATION THAT WAS MISSING FROM THE JUNE 8TH OPEN HOUSE HELD BY THE COUNTY AND ADOT.

Thursday's special presentation at the CDO Quarterly meeting was arranged by Supervisor Searle when CDO voiced concern that the original commitment to our community was not fulfilled.

- **Frontage Roads?**
- **J-6 Ranch Road connecting to Highway 90?**
- **East-west Corridor connecting Highway 90 and Mescal Road?**
- **Skyline Interchange redone?**

COME SEE WHAT IS IN THE DRAFT BEFORE IT IS FINALIZED AND VOTED ON!

Voice Your Concerns!

THURSDAY

AUG. 5

6:30 P.M.

SEE PROPOSED TRAFFIC ROUTES AS POPULATION GROWS!

MINIMUM OF THREE PEOPLE NEEDING TO RUN TO AVOID THE COUNTY BECOMING ADMINISTRATOR FOR THE DISTRICT

- Candidates must contact the Special Elections Department within the County in which they live to receive Candidate Packet

  Cochise County Elections
  100 Clawson Avenue, Bisbee Arizona 85603
  Phone: (520) 432-8970

  Pima Count Elections
  3434 E. 22nd Street, Tucson, Arizona 85713
  Phone: (520) 351-6830

- Candidates must live within the Fire District Boundaries and be a registered voter.
- Candidates must submit the Campaign Finance Report and receive a receipt before circulating petitions for signatures.
- Candidates must collect a minimum of 9 valid signatures of registered voters and a maximum of 250.
- Free notary service offered by Cathie for candidates. Call 586-9063.
- July 5 - First day to file nomination packet.
- Aug. 4 - Last day, before 5:00 p.m. to bundle the nomination paper and petitions to file with county election officer.

If only five petitions are submitted with valid signatures, an election will still be held. The number of votes received will determine the length of term of office. The three candidates with the most votes will have four year terms. The two with the lowest votes will have two year terms. Four year terms for subsequent elections.

CALL 520-609-2738 IF YOU NEED ASSISTANCE TO MEET DEADLINES!

The initial Fire District Board will turn over leadership to five new board members after the election in Nov. 2nd. The existing Board will welcome the new team into a District with structured organization, records management, updated policy and procedural guidelines, an approved budget that provides for a paid bookkeeper/administrative assistant, and most importantly, a Fire Chief and Command Staff dedicated to protecting life and property of our Community.

Jean Nelson's commitment to community noted -

PUBLISHED TUESDAY, July 27th, 2010 IN NEW SUN - Written by Joe Baugh, J-6 Resident

"..let us never forget her selfless dedication and love for her family, her friends, and her community"

Joseph Baugh/Commentary

The life of Jean Nelson was celebrated by a ceremony on Saturday, July 24 at the Benson High School Auditorium. This somber and moving service was attended by her family and many friends from around the country. Her many years of service to the community were also marked by an honor guard of uniformed members of local and state fire, ambulance, and police departments, as well as many retired members of these departments who knew and loved Jean.

Jean Nelson was and always will be a very special person to me. As I looked around the room, my heart swelled at the outpouring of love and affection for our dearly departed Jean. All of us shared in the grief and sorrow of her family, but we also shared something that was even more important. We shared the knowledge that we had been privileged to have known and spent some time with one of God's blessed ones. I also saw several people in the room who chose careers in the public service at least in part due to the example of community service that Jean set for them in their early years.

I met Jean soon after she and her husband, Bob, arrived in J-6 just down the road from me in the mid 1980s. At a time when most people would be thinking more about relaxing and enjoying the fruits of their labors, Jean started a new career first with the Mescal Volunteer Fire Department and later with the Ambulance Service that continued her life-long model of helping and caring for others. Jean played a key role in the early years of the Fire Department and worked tirelessly to help build the department toward the successful program and Fire District that it is today.

I remembered working many campaign fires with Jean. Whenever one of the newer recruits complained about the long hours and the hard work on the fire line; I would take them aside, point to Jean, and ask them, "Are you going to let that little old lady work harder than you can?" The irony of that remark was not only would Jean work longer and harder than any of the young firefighters, but she could also walk me or any other man into the ground any time she wanted. Jean absolutely knew no boundaries when it came to getting the job done and getting it done well, no matter the task.

Jean fully supported the Fire Department with vast amounts of her time. At the same time, she literally put her money where her mouth was with her generous financial assistance that was instrumental in the early days to provide the Department with better fire engines, a second fire station, and modern protective gear for the volunteer firefighters. As we bid farewell to the mortal remains of our dear friend, Jean, let us never forget her selfless dedication and love for her family, her friends, and her community.

Our community owes a debt of gratitude to Jean that can never be repaid. Her model of dedication to community service can only be appreciated, admired, and emulated. I call upon each member of our community, as we go about our daily routines in the future, to keep Jean's shining example uppermost in our minds and regularly ask ourselves, "How can I help someone else today?" Making a proactive response to that question each day is the greatest tribute that any one of us can give to honor our beloved friend, Jean Nelson. May God bless Jean and keep her as we will always keep her memory in our hearts.

JEAN NELSON

May 10, 1933 - July 15, 2010

Jean Alice Nelson, beloved mother, grandmother and great-grandmother, died July 15, 2010. A long time resident of Benson, she was preceded in death by her husband, Robert Nelson. Jean worked all her adult life in the medical field. She was an operating room technician at Tucson Medical Center, an assistant to Dr. Burkhart and Dr. Schnur, an EMT with Healthcare Innovations and a member and officer of Mescal Volunteer Fire District. Jean responded to more than 2,000 emergency calls in the area, providing medical care, reassurance, and comfort. Jean had a tremendous impact on many lives and will be sorely missed.

August 16, 2007 - Fire Chief Neff, Deputy-Chief Chris Bernal, and Terry Gauthier, Co-Chair of MVFD Board present award for 15 years of service.

We will all miss her, her witty ways and comments. Jean was involved in everything having to do with ambulance service, the Mescal Fire Dept. and even the Benson ambulance service. She gave hugely of herself to her community, her friends, neighbors, everyone. Was always the first one on the scene for any medical emergency at the J-Six Equestrian Center in the past 16 yrs. She was the first one on the scene when Jim fell off the barn and broke his back. Her terrific experience in treating him right from the start is part of his excellent recovery.

She had an incredible positive attitude and bright outlook on everything. We will all miss her, whether we were fortunate enough to see her ever day or only every once in a while. Joyce Hotstetter

Looking back, our community was fortunate that we had an opportunity to express our love and admiration for Jean. "We appreciate your dedication, integrity, and all that you do. We are here to say Thank You" was the message supported by the standing-room only crowd as they repeatedly paid tribute to Jean with standing ovations during a surprise celebration and tribute.

The community rested more peacefully at night knowing they were on Jean's watch - she will be deeply missed. Mary McCool, J-6 Mescal CDO

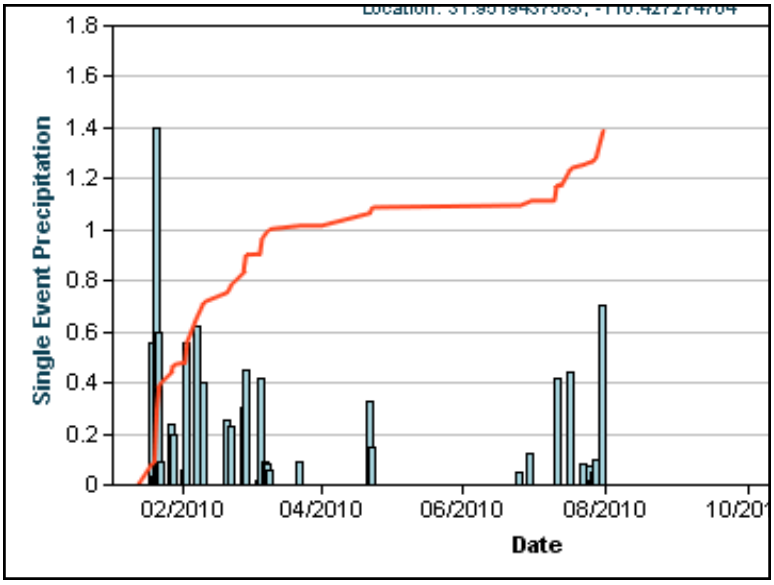
August 16, 2007
Jean receives Community Spirit Award

July 6th, Jean gives Grandson Chris Bernal his Fire Chief uniform pins.

Barbara Buntin, Mescal Fire District Board, said that no matter when Jean was asked how she was, she always responded, "excellent".

Jean truly was an excellent human being. She would jump in with both feet and totally give all she was capable of. Her grandson was just appointed Fire Chief and it was so timely that she was able to pin him and to hear his acceptance speech in which he paid his grandma, whom he was so proud of, a wonderful tribute."

MONSOON UPDATE - RAIN HARVESTING TANKS OVERFLOWING!



Visit rainlog.org and click on a site near you.

Several local residents are logging precipitation records at rainlog.org, a program sponsored by Climas at the U of A. A recent check indicates approximately 9.28 to has fallen in the J-6, Mescal, and Skyline area since the beginning of the year.

The start of the monsoon season officially began in Arizona on June 15, the date the National Weather Service adopted in 2008. In performance, the monsoon arrived a little later than average and the southeastern corner of the state has had less than 75% of average.

Rainharvesters are reporting the 2 inches of rain during July have more than filled storage tanks! A 1,000 square foot collecting surface can collect 600 gallons of water during a 1" rain.

Thinking of putting in a system? Call 609-2738 to arrange a visit to a local site.

INVASIVE SPECIES MAPPING

Kim McReynolds, U of A Co-operative Extensions, has followed up on residents' request at a recent Community Watershed Alliance meeting.

Her staff has conducted a preliminary drive-thru of both the Benson, Mescal, and J-6 areas on the lookout for invasive species that can possibly spread to become a problem to property owners.

Both the Benson and J-6 roadway right of ways were free from noxious weeds - a much smaller subset than annoying weeds!

However, two species - Malta Starthistle, and Onionweed were located on the Mescal side and were mapped.

In the last week of April next year, CWA and Kim will conduct an in-field training for rapid response volunteers to learn how to effectively eradicate these sites. The Malta Starthistle could be eradicated in several years, where the Onionweed would require repeat visits for seven years.

PARTICIPATION IN RURAL WATER STUDY

Did you know there are more than 10,000 domestic wells in Cochise County and about 300 new ones are being drilled every year?

Nobody knows how much water these wells pump or what it's used for. Yet accurate information on pumpage is vital for planning the future, developing fact-based water policy and planning, and making certain our water resources are sustainable.

The University of Arizona Cochise County Cooperative Extension, the SAHRA Center and the Water Resource Research Center are conducting a study to estimate pumping levels and patterns of water use in domestic wells in Cochise County.

Installation of meters has started in the Benson, St. David areas. If you think you might be interested, please click on the link below to access answers to the most frequently asked questions to print a potential participant form. Individual well information is confidential.

Click here for more information.

If you well is selected, the U of A will install a water meter on your well's pressure tank, and a data logger that will electronically send the meter readings to the researchers. After the meter and logger are installed, no one will come to your property unless the device fails. The meters and rain gauges will be the property of the U of A until the end of the study. After that, the home owner can keep them.
